TOTAL CARE EDUCATION SYSTEM®

Junior Middle & High School
Day & Boarding

We Are Your Best Choice

A sterling global reputation as **the most caring school in Canada**

Founded in 1979, parents from over 100 countries place their children in CIC's care

As a result of our care-based approach towards student success, CIC graduates are highly regarded among Canada's top universities

- The largest total care-support team of all Canadian high schools offers unmatched, around-the-clock care to all students
- The most comprehensive safety and health care services in school and in residences
- With continuous observation and systematic assessment by our proactive staff inside the classroom and beyond, all students are set up for success, each and every day they're at CIC success.

The best education system and resources to deliver student growth

Our unique Total Care Education System® is a holistic education that addresses the complete development of a child's academic, social, emotional and physical needs

- The largest teaching staff of all private high schools in Canada, offering the largest variety of courses
- Our own 700-acre leadership training and outdoor education center – Bark Lake – is the largest and best equipped among all schools in Canada
- With the most modern residences for students in Canada, CIC is able to offer the most comprehensive residential programs to enrich their life skills and experience

We Are Your Best Choice

The best path to the world's top universities

CIC's official partners include these top universities:

- University of **Toronto**
- University of **Waterloo**
- **McMaster** University
- **York** University
- **Western** University

CIC partners with the University of Toronto and offers the Elite Pathway Program to the best students from around the globe.

We can fulfill your dreams better than all other schools in Canada

CIC is #1 in admissions & scholarships

Compared with any other high school globally, CIC graduates receive more offers of admission from:

Year after year, CIC has maintained the top position of these records of excellence

UNIVERSITY OF
TORONTO

Some of University of Toronto's best and brightest students come from Columbia International College.

The emphasis that Total Care Education® places on Academic, Social, Emotional and Physical fosters student excellence.

They begin university well-prepared, balanced and ready for success.

Being at Columbia International college makes you feel like a part of the international community. The most important thing was that the teachers appreciated what you had to say, because they saw value in what you had to say, even if you were a non-Canadian or of a foreign background. They wanted to learn from it they thought it was very interesting that you had a different perspective.

THANK YOU CIC

Columbia International College definitely helped me a lot during my application.

And they are just very nice to me and very resourceful.

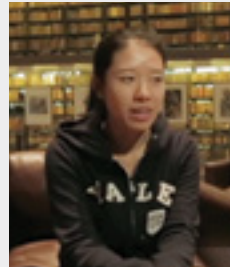

Whenever I have questions, whenever I need help with something, they are always there for me and back me up, which I felt definitely very important for my college applications, because it's definitely very stressful.

But then I knew that there are these people who are in support of me and they want me to get into good universities.

And also I need to try harder so I do not disappoint them.

Our Grads Excel at Top Universities

Over the past 4 years that I've looked back at the data, we've observed the success rate of Columbia students. **Their graduation rate is higher than our regular students**, which means they go from first year to fourth year faster than our regular students and we are very, very pleased to see graduation rate data that is as successful as those.

There is no other school in Canada where we get more students, in any one year than Columbia International College.

Columbia graduates thrive here, they do well here, they're leaders here and we want more of them.

Lorretta Neebar
Registrar and Director of
Enrolment Management
University of Toronto, Mississauga

McMaster and Columbia have enjoyed an excellent relationship over the years since 1996 when the education Alliance at Hamilton established annual entrance scholarships for Columbia graduates.

In 2009 an additional partnership was formed to **guarantee admission to all Columbia students** who meet McMasters admission requirements.

As a result, every year McMaster accepts many Columbia graduates into challenging programs to help achieve their education and career goals.

Melissa Pool
University Registrar
McMaster University

Students admitted from Columbia alone represent a far bigger number than any other school worldwide.

Columbia students are the most fantastic students inside the classroom and outside. They actively participate in campus life at University of Waterloo.

Application: Your First Step to Success

Total Care Education[®] is the Heart of Success

A warm welcome to our CIC Students & Parents,

As the proud Principal of Columbia International College, it is my strong belief that for children to be successful as international students, they need to

1. Take advantage of the opportunity to discover the world around them, our Canadian culture, and the Ontario classroom.
2. Be cared for as if they were at home where they receive constant support to achieve their dreams.

All our faculty and staff share this same understanding and commitment to our students.

Parents, you have shared with us that you want your children to live and learn in an environment where they feel well supported, cared for, safe and comfortable. As the mother of three children, I truly understand your concerns. Founded in 1979, CIC was created with the vision to address these concerns and we have devoted resources to ensure we are the most caring school in the world. **I will, together with our staff, attentively care for your children as if they were our own.**

Students, we will recognize your personal strengths, what you are passionate about and your individual talents. We will support you to reach your goals and maximize your potential during your entire journey at CIC.

You will have a balanced lifestyle filled with activities and fun, opportunities to experience other cultures and make lifelong friends from around the world.

We have designed a comprehensive approach that will support you to study successfully and learn creatively through experiential learning, character education, and leadership adventures.

We will always be empathetic, compassionate, and attentive while supporting you. We will make sure that you are doing well academically, socially, emotionally, and physically.

We call this the **TOTAL CARE EDUCATION SYSTEM[®]**

As Canada's largest boarding school, CIC is designed so that the academic and the boarding programs work together as one integrated unit.

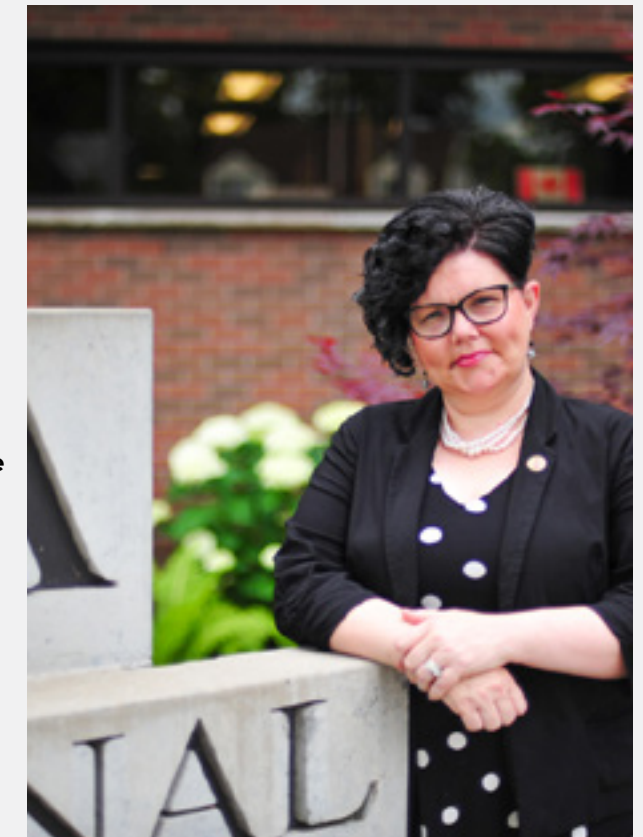

Our teachers, residence and support staff all work collaboratively and share the same positive attitude in creating an environment for students to be successful in their studies and beyond.

We are incredibly proud of how well our Total Care approach has worked for more than 40 years. As a result of our proactive support, our graduates are consistently offered admissions to some of the top universities around the world with impressive scholarships. We have a proven track record of success that has gained the confidence and appreciation of our parents from over 100 countries.

Choosing Columbia International College will be the start of providing your children the best opportunities for their future.

We are committed to developing and educating the whole student. In addition to ensuring long term academic success, we believe it is just as important to focus on positively building their strong values and character. We will help them to become globally-minded responsible citizens who give back to their communities and make a difference for future generations.

Throughout this brochure, you can learn more about how our **Total Care Education System[®]** provides peace of mind for parents and fosters student success.

An Education Built on Holistic Care

Success at school takes more than just brain power. Research shows that a child's complete needs are Academic, Social, Emotional and Physical (ASEP).

CIC is the only institution in Canada providing comprehensive care for the unique ASEP needs of international students in a centralized one-school, one-system manner.

ASEP is the cornerstone of CIC's Total Care Education System®.

Academic excellence

A modern curriculum taught by acclaimed staff sets students on the path to the universities of their choice.

A rich, diverse experience

A full life of sports, clubs, volunteering, events and leadership coaching keeps students active and developing the social skills critical to their growth into adulthood.

Health and safety

Nutritious meals, nurses on-site, professional campus security and constant attention from residence staff ensure students are always looked after.

Early ASEP Assessment

ASEP assessments are reviewed weekly to identify high achievers and those who need more support.

TOTAL CARE EDUCATION SYSTEM®

We believe that truly caring about our students helps foster strong values, a sense of character, and instills them with the courage to pursue their dreams. Based on our commitment to our students' well-being, health and success, and to realize our vision to be the world's most caring school, we created the Total Care Education System®.

Our mission is to deliver peace of mind for parents and foster student success.

Unique to Columbia International College, the Total Care Education System is designed to nurture international students in four areas essential to their growth and achievement.

1

**TOTAL CARE
LEARNING®**

Maximizes
Academic Potential

2

**TOTAL CARE
DEVELOPMENT®**

COLUMBIA INTERNATIONAL COLLEGE
TOTAL CARE EDUCATION SYSTEM®

1

TOTAL CARE LEARNING®

Maximizes
Academic Potential

Total Care Learning is a holistic approach to education, balancing in-class learning, individual study and experiential learning to make students more engaged in their education – maximizing their academic potential. Total Care Learning focuses not only on what is learned but also how it is learned.

Year after year, Total Care Learning produces consistent results: 100% graduation rate, with 83.2% of our graduates admitted to the world's top universities and millions of dollars in scholarships earned.

A Comprehensive Approach

Total Care Learning® is Extraordinary Learning

TOTAL CARE
LEARNING®

Highest Quality Caring Teachers

- Supremely qualified, many of whom have post-graduate degrees (e.g., Ph.D. and Master's)
- Passionate about teaching, with an average of 23 years of teaching experience
- Empathetic to international students, as many of them have international teaching experience

Modern, Progressive Educational Approach

- A balanced and fair performance evaluation system
 - Instead of evaluating students based on a single, final exam, our system is based on a combination of unit tests, projects, presentations and final exam (30%) over the entire semester
- State-of-the-art Smartboards to better engage students in their learning
- A Blended Learning model so students learn more effectively
- Our unique Circle of Care to detect, intervene in and monitor individual student issues on a weekly basis

Guidance to Maximize Learning Paths

- Administering diagnostic assessments at the beginning of their studies
- One-on-one counselling throughout to guide the students in selecting courses that will optimize their chance for successful learning
- Working with students to come up with a Personal Success Plan (PSP) that maps out their long-term curriculum needs

Customized Programs to Fit Interests & Aptitudes

- A large selection of courses that cover a wide spectrum of subject matter and scholastic levels
- Flexibility to fit the needs of an individual student, such as:
 - Offering accelerated ESL programs to help students who need extra attention
 - Allowing combined study of ESL and academic courses to save time
 - Offering additional course support for gifted students

Building Skills Needed for Success

- Identifying students' interests and passions early, we provide guidance to set them up for success with the same area of studies in their future
- Going beyond teaching our students the content of textbooks, we teach them critical thinking, inquiry, collaboration, report-writing and presentation skills

Providing Learning Assistance in Multiple Ways

- Students receive materials online, in advance, so they are better prepared to learn and engage in the classroom
- Tutoring & support for students:
 - In person, with our professional tutors, teachers and peer tutors
 - At school throughout the day
 - In Residence in the evening
 - Online, 24 hours a day, 7 days a week
- Organized study groups, led by teachers and peers

Counselling for Students to Reach their Dream Universities

- Counselling by our experienced University Placement Counsellors to ensure every graduating student is given the best opportunity for admission and scholarships from the best possible universities
- Supplementary application workshop to help our graduates to stand above the competition
- Early identification of high achievers, who then get special support to maximize success

Our Caring and Empathetic Teachers

CIC employs over 100 full-time teachers, making it one of the biggest faculties among Canadian high schools. We are proud of their world-class pedigree and positive effects on students, demonstrated by three key characteristics:

High Qualifications

- Field-specific training, with most of them having a post-graduate degree
- Highly experienced, including teaching internationally

Holistic Teaching Philosophy

Take on a role in their students' lives beyond the curriculum:

- **Inspiration**
 - Guiding students to discover their own talents
 - Encouraging students to be open to new experiences.
 - Stimulating students to develop inquisitive minds
 - Demonstrating the power of knowledge to students
- **Mentorship**
 - Shaping students' character with fundamental values
 - Motivating students to think independently and to take initiative
- **Caring**
 - Supporting students with genuine care and ongoing interest in their development

Modern Teaching Approach

- **Dynamic Classroom Style**
 - Proactively identifying individual learning styles and tailoring the teaching to meet each individual's needs and talents
 - Connecting the curriculum with many aspects of a student's life to maximize student engagement
 - Using assessment tools to guide a student's individual learning plan
- **Cutting-edge Teaching Techniques**
 - Continually exploring and experimenting with digital learning and teaching methods
 - Employing a blended learning model to maximize student engagement through the use of computers and mobile devices
- **Commitment to Self-improvement**
 - Constantly improving their skills through professional development
 - Treating their own subject matter expertise as a lifelong pursuit that demands constant honing and updating

The world-class faculty at CIC has a multi-year record of excellence, producing top results for students: first among all Canadian high schools in both admission to Canada's top-ranked universities and amount of admission scholarship awarded to students.

International Experience and Authorship

Angelo Nicassio

BS Biology, BEd, M.Ed. in International Education
Years Teaching: 19
Subject: Science, Kinesiology

Before teaching at Columbia, Mr. Nicassio was the science department chair for international schools in Bangkok and Madrid. He developed the science curriculum and authored textbooks.

"I believe the ultimate goal of teaching is to enlighten students and keep them engaged. Science teachers are lucky because we promote life-long learning – it's intrinsic to stay curious, inquire and discover."

Natalie Goulet

BS Biopharmaceutical Sciences, MS in Organic Chemistry, Diplôme en Enseignement Collégial
Years in Teaching: 12
Subject: Chemistry

Ms. Goulet loves being exposed to different cultures. She has taught in places such as Montreal, Vietnam, and Spain. Some of her teaching strategies are designed towards non-native speakers of English.

"I've learned how to say chemical elements in foreign languages to break the language barrier." In the classroom, she utilizes new technologies to enhance hands-on learning.

Teodoru Gugoiu

BSc Physics, B.Eng., B.Edu.
Years in Teaching: 10
Subject: Physics, Computer Sciences & Mathematics

Mr. Gugoiu chose to be a teacher because education gives people the opportunities to succeed. A successful lesson requires the teacher to design appropriate strategies to motivate the students.

He has published several math books and developed the Vectors Calculator – an online simulation for the Calculus and Vectors course.

COLUMBIA INTERNATIONAL COLLEGE
TOTAL CARE EDUCATION SYSTEM®

2

TOTAL CARE DEVELOPMENT®

Maximizes
Character Development

International students, away from home, do not get the constant benefit of their parents as their daily role models for character development. As part of our holistic model of education, Total Care Development at CIC takes on the responsibility of building important character values which are the foundation for success in life. We believe high school isn't only about the content of textbooks. It's also about how students grow into adult maturity, ready to take on the challenges of university and beyond.

Total Care Development is unique to CIC as no other schools in Canada have character development as a deliberate, integral part of their education program.

In Total Care Development®, students have the opportunity to participate in the world-renowned Duke of Edinburgh's International Award program.

Go Beyond the Classroom

Students also have the option to compete in various Model United Nations Conferences, for which they receive leadership training, as well as instructions in current affairs debate and presentation skills. This valuable experience gives our graduates an excellent record of achievement for their resumes and makes them stand out when applying to universities. Our graduates, with their extensive leadership training, are admitted to world-class universities such as: Yale, Columbia, Chicago and Cornell in the USA; Imperial College and Cambridge in the UK; and the University of Toronto, McGill, UBC.

Total Care Development® Inspires Student Success

TOTAL CARE
DEVELOPMENT®

Teaching the Values Necessary for Solid Character

- Daily life at CIC has the right mix of academics, extracurricular activities and residential programming
- Students are regularly nurtured on eleven key personal characteristics, to ensure they are developing as a whole person

Reinforcing Important Personal Life Skills

- By participating in events, clubs, sports, and community service, students learn through experience
- Dedicated skill sessions on communication, teamwork, time management and priority setting

Training Future Leaders

- Students receive training at the Bark Lake Leadership Centre, our own 700-acre outdoor education facility
- To foster leadership, independent thinking skills and healthy personal growth, CIC partners with:
 - The Duke of Edinburgh's Award International Association
 - The United Nations Association of Canada

LEADERSHIP EDGE ADVANTAGE

www.cic.care/develop

Character is the Foundation of your Child's Success

TOTAL CARE
DEVELOPMENT®

CIC is devoted to building character in its students by teaching them key values that create responsible global citizens. These traits, listed below, are defined by our students and show their commitment to the principles of character.

Respect

We value ourselves and others.
We treat people the way we want to be treated; with courtesy and politeness.

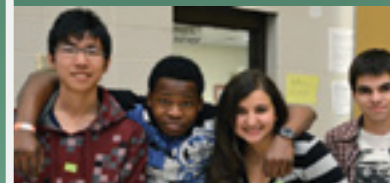

Honesty and Integrity

We are truthful and sincere with ourselves and others.
We admit our mistakes.

Responsibility

We can be trusted and follow through on all our commitments.
We are accountable for all we say and do.

Peaceful & Positive Conflict Resolution

We believe that conflicts can be resolved positively by working in unity for outcomes that are fair for all.

Caring

We demonstrate concern for ourselves and others.
We show kindness towards each other.

Monthly Character Theme Incorporated Inside and Outside of the Classroom

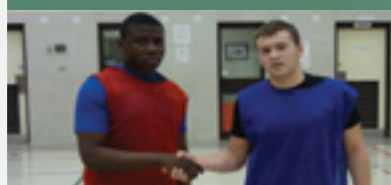

Optimism

We think, speak and act positively.
We see challenges as opportunities.
We have hope for the future.

Inclusiveness

We work to build a community where everyone feels included and where differences and diversity are honoured.

Fairness

We treat each other as we wish to be treated ourselves. We use and follow policies and procedures that apply equally to all.

Self-Confidence & Self-Advocacy

We believe in ourselves.
We are committed to meeting our goals and seeking help from others when necessary.

Perseverance

We stick to our goals in spite of difficulties. We are committed to finish what we start to the best of our ability. We are determined to work hard.

Nurturing Personal Growth

CIC's multifaceted academic and experiential approach offers extensive opportunities for students to engage in leadership and character enrichment outside the classroom. Students develop a routine for success by participating in various after school, age-tailored programs customized to their individual ASEP needs. These fun activities instill discipline and consistency in our students' daily routine, enabling them to have healthy social and emotional lifestyles.

COLUMBIA INTERNATIONAL COLLEGE
TOTAL CARE EDUCATION SYSTEM®

3

TOTAL CARE
LEARNING®Maximizes
Living Experiences

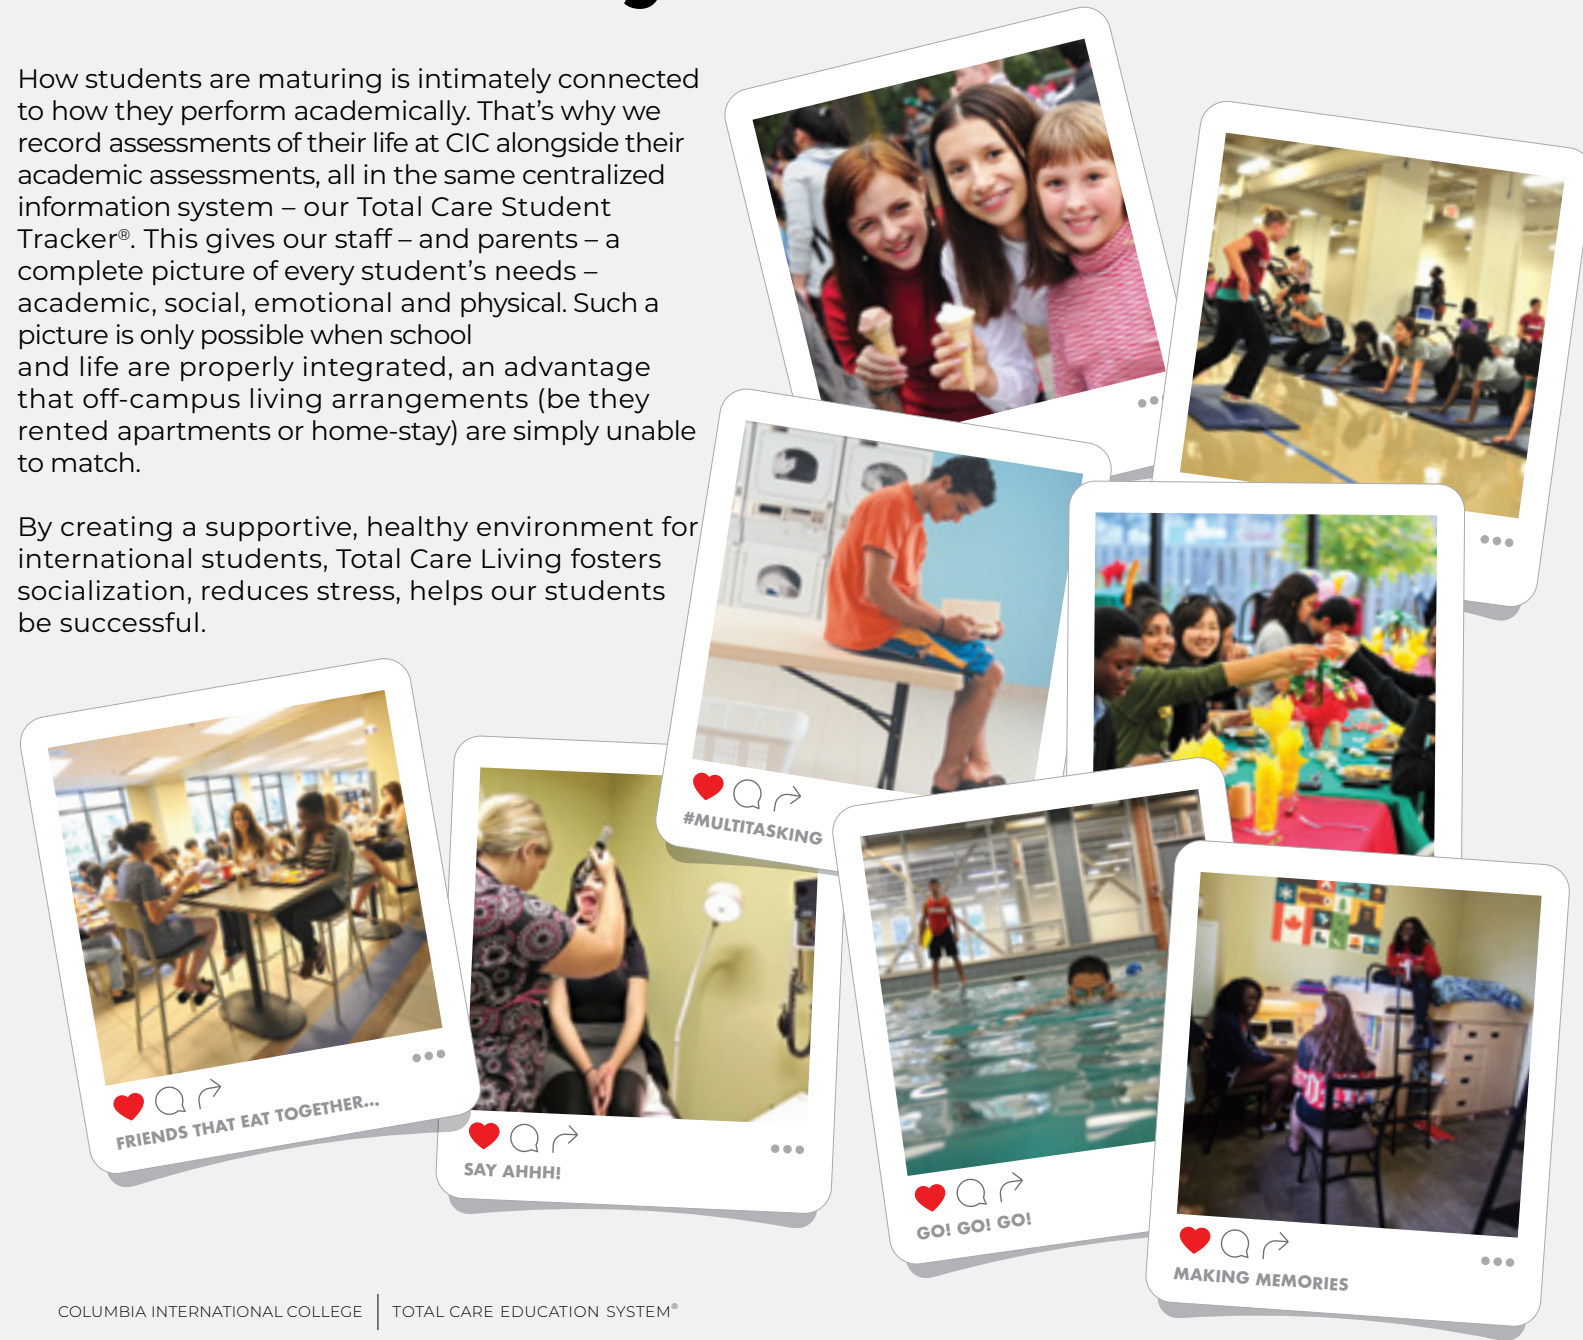

When parents send their children abroad to study, they want their children to live in a place that provides a level of care similar to what they'd get at home. This means a safe and comfortable living environment, attention to nutrition and a healthy lifestyle, proper care if special needs arise such as sickness and training for independent living.

Our Total Care Living is based on a "home-away-from-home" model which delivers, in the best way possible, the kind of care parents would provide their own children at home. By providing a healthy and safe on-campus life outside the classroom, CIC's Total Care Living removes the pressures that other international students face when they live off campus, away from home.

Home Away from Home

How students are maturing is intimately connected to how they perform academically. That's why we record assessments of their life at CIC alongside their academic assessments, all in the same centralized information system – our Total Care Student Tracker®. This gives our staff – and parents – a complete picture of every student's needs – academic, social, emotional and physical. Such a picture is only possible when school and life are properly integrated, an advantage that off-campus living arrangements (be they rented apartments or home-stay) are simply unable to match.

By creating a supportive, healthy environment for international students, Total Care Living fosters socialization, reduces stress, helps our students be successful.

Total Care Living® is Stress-Free Living

TOTAL CARE
LIVING®

Comfortable and Modern

- Brand new comforter and pillow for each student on arrival
- Air-conditioned and heated bedroom with individual control
- Wi-Fi and wired internet in every room
- Personal phone extension and voice mail
- Study desk with proper lighting

Removes Daily Stress

- Housekeeping, including weekly room cleaning and vacuuming
- Fresh linen every two weeks
- Residence and meal service open 365 days, including holidays
- In-house clinic, nurse and wellness room

Sets the Highest Standards on Food Safety

- Chartwells, a leading food services provider, sets high food safety standards
- Our food services meet and exceed Ontario's regulations on health and safety

Nourishing and Delicious Meals

- Up to four nutritious and delicious meals a day, with all-you-care-to-eat dinners and brunches, every day including holidays
- Menus designed by qualified dietitians and executive chefs
- Onsite kitchen at each campus/residence building to serve freshly prepared meals
- Dietary options available including vegetarian, vegan, gluten-free, halal, kosher, lactose intolerant and other religious/cultural needs

Fosters Social Skills

- New student orientation and integration activities
- After-school activities in school and in residences
- Weekend clubs and sports
- Age appropriate and/or gender specific extracurricular activities

Cultivates Independence and Discipline

- Rules and routines build successful habits
- Teamwork, problem solving, critical thinking and analytical skills training
- Making responsible decisions and time management skills workshops
- Cooking lessons on weekend

In-house Support

For all students

- In-residence tutoring
- Residence life counselling
- Houseparents (in-residence supervisors)

Special care for young students under 16

- Program with dedicated staff ensure they receive the priority care and attention they need
- Homework check

Special Services

School will act as legal custodian

- As required for the application of Study Permit by Canada Immigration
- Free of charge for the custodianship service
- A one-time legal documentation fee (C\$300.00) for custodianship is charged at time of application

Other Custodian Services included

- School nurses will administer vaccinations of students on-site as required by Ontario's Public Health Department
- Assistance in renewing study permits, visas, passports and travel booking
- Manage and distribute pocket money
- Liaise with parents in the event of medical or legal needs of the students

www.cic.care/live

Around The Clock Care to meet your child's ASEP needs

TOTAL CARE
LIVING®

CIC's entire staff is dedicated to providing for the total needs of our students, at all times, similar to the way their parents would. Here are a few examples of our ASEP Total Care:

P

Safe Transport

A

Academic Learning

E

Emotional Support

For young people to grow up healthy, happy and motivated, it requires constant attention to their academic, social, emotional and physical needs.

We pride ourselves on being able to provide round-the-clock support, seven days a week. Parents can be rest assured that their child is safe, healthy and happy, and therefore able to reach their full potential.

Safety and Health are Our Priorities

We know safety and healthcare are two of the highest priorities when parents send their child abroad to study. We pride ourselves in taking the greatest care to keep children safe and healthy. Specifically, we:

Prepare your child for a safe journey

- Before leaving home, our “Handbook for Safe Travel” educates your child on safety concerns

Meet your child at the airport upon arrival

- Upon request, your child will be met at the airport and transported to our campus
- Your child receives a free SIM Card to call home promptly

Familiarize your child with CIC before school starts

- Orientation Program to familiarize new students with the school, their fellow new students and Hamilton, their new city
- New students get a free taxi card to use to return to campus if they are lost anywhere in Hamilton

Provide your child with a safe environment

- Separate residence buildings for boys and girls
- Houseparents maintain strict residence rules
- 24/7 security staff provide safety everywhere with;
 - Video surveillance
 - Access-controlled entrances, elevators and floors
 - Individual lockable space for valuables inside room
- Door-to-door bus between school and residences
- Emergency preparedness drills every semester
- Staff are trained to identify and address bullying

Designate staff to keep parents informed

- Over 30 caring, multilingual Liaison Officers provide support to all students and their parents
- Our unique online ezReport Card provides parents with the most up-to-date information about their child

Teach your child to manage personal information

- We train our students to avoid identify theft and fraud; to protect their personal information on and off line
- We assist our students in the renewing of their study permits and student visas

Keep your child healthy

- Onsite clinic in school and in residence
- Nurses make rounds at all residences in the morning
- Illness prevention workshop to educate students
- Staff are trained to handle mental health concerns and medical emergencies
- Medical histories are kept confidentially and provided to hospital in case of need

COLUMBIA INTERNATIONAL COLLEGE
TOTAL CARE EDUCATION SYSTEM®

4

TOTAL CARE
COMMUNICATION®

Maximizes
Family-School Connections

Family-School communication is imperative for the overall development of children.

International students live far away from their families. Parents are anxious to know how their children are doing in school.

Total Care Communication® at CIC is based on

- **A team of dedicated staff in school and residence**
Our Total Care Staff will always keep parents updated with phone calls, emails, chat and social media apps. Connection between school staff, parents and students are maximized and all parties become closer.
- **The ASEP TRACKER - A database platform to record and report student progress and performance**
The ASEP TRACKER ensures timely and seamless communication among all stakeholders to safeguard the best performance of the students. It provides a strong foundation to support the ASEP needs of the students. Students will improve their social-emotional well-being which correspondingly allows them to focus on study and to enjoy their new lives while in Canada.

Always in the Know

With Total Care Communication®, parents can have peace of mind. Additionally, having family and school in sync creates a healthy environment for the child to learn and grow.

Total Care Communication® ensures timely support

TOTAL CARE
COMMUNICATION®

Dedicating a liaison staff to know every family

- Single point of connection for every family in their home languages
- Each student is well known and closely connected with our liaison staff personally
- Through ASEP TRACKER Helping parents to better understand their children's overall progression, behaviour and health in school and residence
- Serves as a resource and personal guide to school policies and procedures

Updating parents on student performance and behaviour

- Observations and reports by school and residence staff inside ASEP TRACKER ensure parents are informed anytime, anywhere:
 - Daily Attendance
 - Test and exam marks
 - Messages from teachers
 - Observations by house-parents in residences
 - University placement information
 - Scholarship information
 - Other behaviour notes

Acting on support with timely information

- Powered by the information inside ASEP TRACKER, students needing extra attention are highlighted automatically and timely to the Circle of Care Committee
- High performance students and those who need extra attention are all reviewed for support action
- Parents and Total Care staff will work collaboratively to give a more personalized attention to each student.

www.cic.care/communication

ASEP TRACKER

Safeguards Performance

TOTAL CARE
COMMUNICATION®

ASEP TRACKER covers school and residence Communicate Effectively Campus Wide 24/7

Our unique ASEP TRACKER is a centralized online information system that records our observations, assessments and details of our students' performance and behaviours that are key to:

- their success in classrooms and
- their health, wellness and happiness in their living quarters

Based on continuous attention from teachers, residence house-parents and other Total Care staff who interact with the students in School and Residence, our students are setup for success and wellbeing every hour of the day at CIC.

ASEP TRACKER is updated live ASEP Details Available Anytime Anywhere

The ASEP TRACKER conveniently allows staff both in school and residence to update their observations and access the information anytime anywhere.

With a high level of transparency, staff can proactively offer the ASEP support needed by all students. Parents are always aware of their child's progress through our online ASEP Report Card.

ASEP TRACKER powers the Circle of Care Proactive review by the Circle of Care

Through documented notes inside the ASEP TRACKER, as well as their own interactions with students, the Circle of Care members meets weekly to identify:

- Where students are doing well and
- Where they would benefit from additional support.

An Individualized support plan will be designed, monitored and followed up on immediately to maximize success and wellbeing. Liaison staff will communicate this plan of support to parents.

Parents Consulted Support Plan

Parents are always consulted on the support plan recommended by the Circle of Care.

Our multilingual Liaison team keeps parents informed and provide updates on their child's ASEP performance.

Our Proactive Attention Gives Peace of Mind

TOTAL CARE
COMMUNICATION®

CIC's Circle of Care members, using the information from the ASEP TRACKER, discuss, on a weekly basis, your child's Academic, Social, Emotional and Physical needs and offer individualized programming for your child's success.

Attentive

Using school and residence staff observations, your child's well-being is monitored on a daily basis.

Proactive

When any challenge arises with students, the issue will be identified immediately and all the school and residence staff who support the student will be part of the support plan.

Problems do not wait to be addressed until the end of the semester, there is ongoing observation and fluid support plans in place.

Transparent

Parents, students and appropriate school and residence staff can monitor the ASEP TRACKER at any time, online, so everyone is aware of how the student is progressing and how to best support the student.

Dear Parents, CIC is able to look after your child as attentively as you would yourself because we have a comprehensive support system in place - the Total Care Education System®, which is proven to be effective for the past 42 years.

More importantly, the Total Care Education System® is staffed by passionate and caring individuals who pour their heart into Total Care every hour of their day. At CIC, we all have the same mission to foster student success and to deliver peace of mind to our parents.

HARD WORK PAYS OFF

Start Your Success with Us

Canada – a welcome environment for international students

- May work up to 3 years in Canada
- Eligible to apply for Permanent Residency after one year of employment

Province of Ontario – the learning epicenter of Canada

- Ontario has the largest number of universities (20) and post-secondary colleges (24) in Canada
- Over 60% of Canada's international students choose Ontario
- The Golden Horseshoe – the area around Toronto, including CIC – is Canada's economic heartland and a great place to start careers

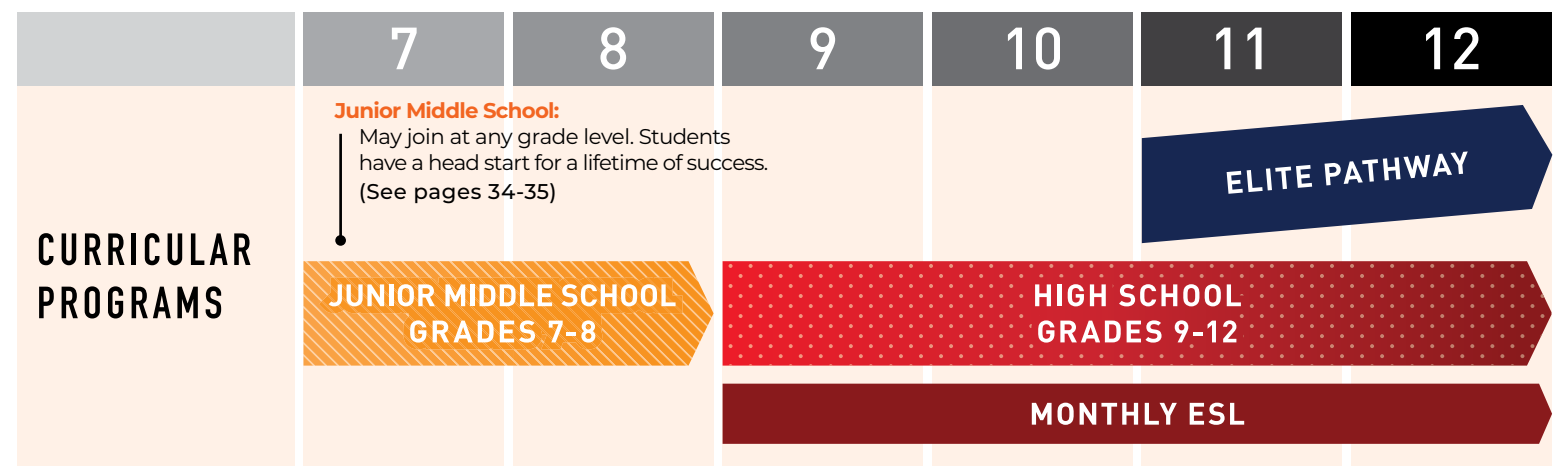

Hamilton – Canada's Education City

- Hamilton, just outside of Toronto, provides CIC students with an ideal environment in which to study
- Combining a small-town feel with natural splendor, it provides a warm, welcoming place for students to call their home away from home
- The City of Hamilton maintains an office to attract, welcome and retain international students and immigrants

Transition to CIC – Credits & Programs

CIC PROGRAMS FOR ALL LEVELS

Elite Pathway Partnership Program: Must join program in Grade 11. Gives high performing students the most competitive edge for scholarships and entry into world's top universities. (See pages 38-39)

High School: May join at any grade level. Students go higher and reach their maximum potential. (See pages 36-37)

One year foundation program available

Monthly ESL Courses (See page 40)

Summer Camp (See page 41)

English & Math Placement for All Grades

ENGLISH PLACEMENT POLICY

TOEFL iBT	IELTS	Duolingo	CIC English Program Placement
79 and over	6.0 and over	95 and over	Gr. 12 English (ENG4U)
69 - 78	5.5	80 - 90	Gr. 11 English (ENG3U)
49 - 68 overall, with 17 and over in writing	5.0 overall, with 5.0 and over in writing		Gr. 11 English (ENG3U)
49 - 68 overall, with 16 and below in writing	5.0 overall with 4.5 and below in writing		EAP 2
45 - 48	4.0 - 4.5	55 - 75	EAP 2
Under 44	Under 3.5	Under 50	EAP 1

Test Results from Students

- Original iBT/IELTS test results must be provided at the time of registration
- Only official results are accepted. Projected results are not recognized
- Students who wrote the test more than 4 months ago may be requested to write the placement test upon arrival at CIC (before registration) in order to update their English proficiency and placement

Placement Policy

- The equivalency table is based on the best practices in North America as well as research done by both the ESL and Academic English departments at CIC
- Students arriving at CIC with an IELTS / iBT English Proficiency score will be exempted from writing the placement test
- Placement is also determined by the original transcripts provided at the time of registration
- All new arrivals to Columbia International college will be placed in an English/ESL course according to the English Placement Policy

MATH PLACEMENT POLICY

Diagnostic Test Score	CIC Math Program Placement
100 - 120	AP (Advanced Placement)
78 - 120	Grade 12 (Math4U)
54 - 77	Grade 11 (Math3U)
33 - 53	Grade 10 (Math2D)
15 - 32	Grade 9 (Math1D)
0 -14	Grade 8

Credit Transfer

Students who have successfully completed their high school years in their home country will be granted equivalent credits. Our Admission staff will be able to assist you on the conversion

Junior Middle School **Grades 7-8**

The JMS program at CIC is designed to ensure each young student grows to their full potential in their studies, in developing their life skills and in their English proficiency – guided by our Total Care Education System®.

Our JMS Program treats every student as an individual and gives them a great foundation for a lifetime of success.

A Head Start in... Academic Advancement

- A comfortable and compassionate environment for learning
- Curriculum that focuses on critical and creative thinking
- Personal goal setting and self-reflection to foster a strong work ethic
- Integrated Curriculum at our own 700-acre Bark Lake Leadership Outdoor Education Centre

A Head Start in... Communication Skills and English Language

- Intensive English preparation course to ensure students are at the appropriate level before they enter the school year
- English and media literacy courses apply new skills to every element of their learning
- Designated English study time with houseparents and private tutoring available for students who need extra help learning English and other subjects

A Head Start in... Character Development and Life Skills

- Classroom and living environment that encourage social skills and greater self-confidence
- Range of extracurricular activities onsite and offsite, giving students exposure to hobbies, volunteering opportunities, sports and passions
- Extensive support network – teachers, houseparents and counsellors – to promote independence, critical thinking, decision making

The CIC Edge

- The Total Care Education System® ensures students are making progress in all their ASEP needs
- The safety at our college, an integrated learning-living environment and the care from our entire staff means no student falls through the cracks on their path to success
- Our community promotes the value of respect for students from all continents

Junior Middle School **Grades 7-8**

Admission Requirements

- ✓ All applicants must complete our online application form
- ✓ All applicants are required to provide transcripts of their primary school (Grades 1 to 6) results and their Junior Middle School results from their home country. Certified translation of the transcript to English when necessary
- ★ No TOEFL or IELTS are required for admission. Students with low English proficiency will be placed in ESL lessons
- ★ Applicants with any certificates, awards, etc. may submit them with the application

High School **Grades 9-12**

With Total Care Education®, students who go through one or two years of the High School program at CIC have an exceptional ratio of success getting into the best universities.

Our High School Program helps students maximize their potential and reach heights of success.

Go Higher with... Flexible, Tailored Education

- Semester programming allows students to vary course load depending on ability
- Credit system ensures students can focus on individual subjects according to their needs and aptitude
- Testing and assessment throughout the semester – student success is not dependent on a single, national, final exam
- Admission placement guides students to study at levels in which they are assured of success
- Technology oriented Blended Learning Model to better engage the young students in learning and research

Go Higher with... Extracurricular Opportunities

- To complement and enhance academic performance, full range of athletic, community involvement and leadership activities – experience that top universities value
- Develop greater confidence and inspire higher academic success in students with opportunities provided by our unique Student Development Department
- Participation in the Duke of Edinburgh Program (Silver level) – focusing on character development and leadership skills
- Opportunity to Participate in the Model United Nation Conference in New York City

Go Higher with... University Advancement

- Dedicated counsellors at University Placement Office provide 1:1 guidance for students, from assisting with program choices, admission requirements and completing university applications
- Students graduate with the OSSD, which allows them to apply to many universities in the USA without the SAT; and to all universities in the UK without A-Levels
- University representatives visit and meet students at school to provide counselling and the most up-to-date admission requirements

The CIC Edge

- Our top-notch teachers and our tremendous resources deliver the best teaching and learning support for students to achieve their very best
- Our exclusive admission privileges under the CIC University Partnership program give students special advantages, including:
 1. Dedicated scholarships
 2. Unique English proficiency requirements

High School **Grades 9-12**

Admission Requirements

- ✓ All applicants must complete our online Application form
- ✓ All applicants are required to provide transcripts starting Grade 9 from their home country. Certified translation of the transcript to English when necessary
- ✓ If the applicant has completed external exams in their home country, such as IGCSE, SSCE, O level, A level, IB exams, please submit results
- ★ No TOEFL or IELTS are required for admission
- ★ Admitted students will be placed into the appropriate level of English studies depending on:
 - results of CIC's diagnostic test to be written on arrival or
 - official IELTS or TOEFL score, if available
- ★ Applicants with any certificates or awards may submit them with the application

English Proficiency & Prerequisites Requirements

- ✓ to qualify for Grade 11 (ENG3U), applicant must have a minimum score of 5.5 in IELTS with no area lower than 5.0 or equivalent
- ✓ to qualify for Grade 12 (ENG4U), applicant must have a minimum score of 6.0 in IELTS with no area lower than 5.5 or equivalent

The following Grade 12 subjects have required prerequisites at the Grade 11 level:

- | | |
|--------------------|-------------|
| ✓ Accounting | ✓ Physics |
| ✓ Computer Science | ✓ Chemistry |
| ✓ English | ✓ Music |
| ✓ Math | ✓ Art |
| ✓ Biology | ✓ Drama |

English Placement details, see page 33

We are official test centres for:

- No need for students to travel beyond the school to take tests
- Test dates are set by the school and priorities are given to our own graduating students

English proficiency test preparation programs

- Assist and prepare students to achieve better scores to get into the university of their choice:
 - SAT
 - IELTS/TOEFL/CAEL

Elite Pathway Partnership with University of Toronto

Students who demonstrate the most exceptional performance are eligible to apply for the Elite Pathway Partnership (EPP) Program with the University of Toronto for their Grade 11 and 12 years. The two-year program is designed to comprehensively prepare students for the rigorous requirements for entry to the world's best universities. This program offers academic, leadership and extracurricular opportunities beyond CIC's high school program and far beyond regular high school.

Our Elite Pathway Program gives high performing students the most competitive edge.

An Elite Pathway to... academic advantage

- Advanced training in core subjects, including extra small-group classes and workshops
- Academic competitions in major subjects

An Elite Pathway to... the pinnacle of leadership

- Managing a community impact project from start to finish
- Participation in the Gold Level Duke of Edinburgh Program
- Participation in the Model United Nations Conference in New York City
- Skills training in public speaking, entrepreneurship and business
- Site visits and lunches with business executives to gain deeper understanding of career paths in businesses

An Elite Pathway to... the University of Toronto

- An early start and interaction with the University of Toronto campus activities
- On-site campus experience at the University of Toronto to learn about living and learning first hand, including individual meetings with professors and administrators
- Early conditional admissions for qualifying students
- Exclusive, admission scholarships for students in the Program
- University representatives visit and meet students at school to provide counselling and the most up-to-date admission requirements

The CIC Edge

CIC's Total Care Education System® makes the challenge of this extra work, in class and outside of it, possible for these elite students because it provides top-notch academic training, a fully supported living environment and extensive leadership training opportunities.

University of Toronto is Ranked

#1 in Canada

Top 25 in the World

Elite Pathway Special 2-Year Program – Grades 11-12

This is a two-year program with admission only at Grade 11

Director
University Student Recruitment
University of Toronto

Monthly ESL Courses

In preparation for students in grades 9-12 to be ready for CIC courses, our ESL program builds upon and strengthens students' understanding of English. Using Western teaching strategies, the program reinforces academic English and everyday, functional English, for success both in school and life outside of school. Furthermore, students are introduced to Canadian culture through the ESL program, to help them integrate into the community around them.

Progression through the ESL courses is tailored to help students advance at their own pace, based on how quickly they are becoming proficient in English.

Our ESL program is flexible and time-saving

- Our one month ESL courses are flexible with multiple intakes throughout the year
- Students, having achieved an intermediate level in English proficiency, may take a combination of academic and ESL courses
- The flexibility in course starting time, coupled with the opportunity to study ESL and academic courses at the same time, allows students to progress toward full time academic studies and graduation without delays
- Our ESL courses, ranging from AO to EO, all carry a credit value towards the graduation diploma, to a maximum of 3 credits

A strong foundation for succeeding in the academic program

Through ESL lessons, students:

- Learn to communicate clearly and effectively
- Develop and gain confidence in their English reading, writing, speaking and listening skills
- Improve and expand on their vocabulary, comprehension, conversation and pronunciation
- Have opportunities to practice and perfect their English, both inside and outside the classroom

Intensive, immersive in-class instruction

- Up to 33 hours of ESL classes are available per week, allowing as much classroom time as required for students to improve their English, depending on a student's needs
- Certified ESL teachers use comprehensive teaching practices and methods to maximize students' learning experience
- Small class sizes and small student-teacher ratio for more effective learning

Extensive opportunity for structured language practice

- Within the CIC environment, ESL students are able to use their new English skills by participating in school life and extra-curricular activities
- Tutors available in school and in residence

The structured, hand's-on ESL program at CIC is the best opportunity for students to gain English mastery. After all, learning English is too important to be left to chance.

Visit www.cic.care/esl for more information on our ESL programs, including beginner fundamentals for those students just starting out in English.

Summer Camp June, July & August

A great trial experience to prepare students for the study abroad program in later years.

Four different Summer Camp programs available:

1. Learn English & Discover Canada
2. IELTS Camp
3. Adventure Camp
4. Elite & Leadership Camp

Designed for students nine years of age and older, they can get an early experience of living away from home for a few short weeks, in the safety and security of a Total Care Education® boarding environment.

This camp also provides international students with a comparable experience to typical Canadian teenagers during the summer holidays, giving them another element of Canadian life to enjoy and appreciate.

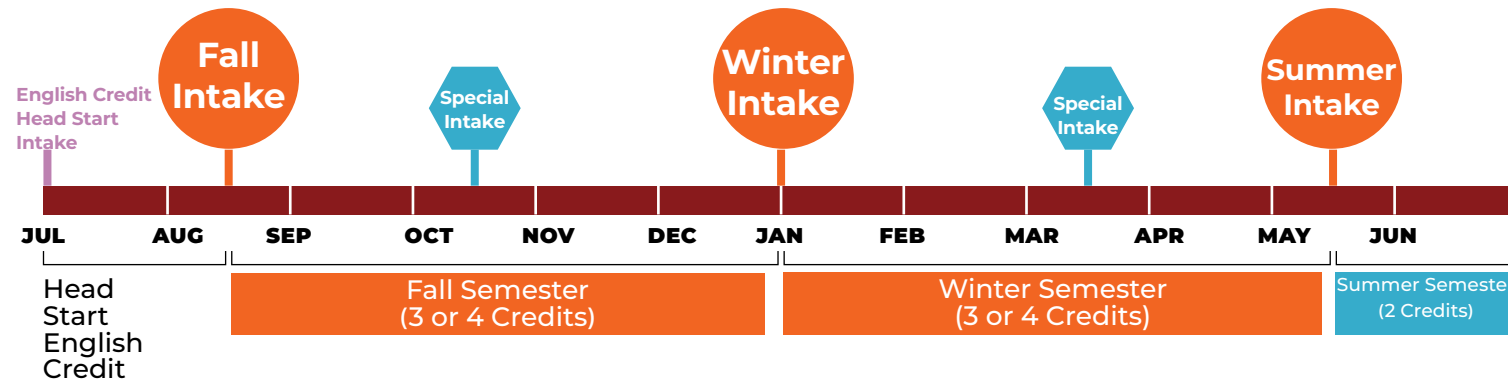

- Students study English, participate in recreational and cultural activities, visit popular Canadian landmarks in Ontario and Quebec
- Develop leadership and character skills throughout the summer, in a safe, fun and social atmosphere
- Individual students are welcome to apply. Available to groups on a customized basis in July and August

www.cic-totalcare.com/summer-camp/

Flexible Intakes

High School Grades 9-12 (6 Intakes in a Year)

English Credit Head Start Intake

- Students who need to improve their academic English in Grade 10 or 11, can join this program prior to the Fall Intake and shorten their time to graduate by up to one semester

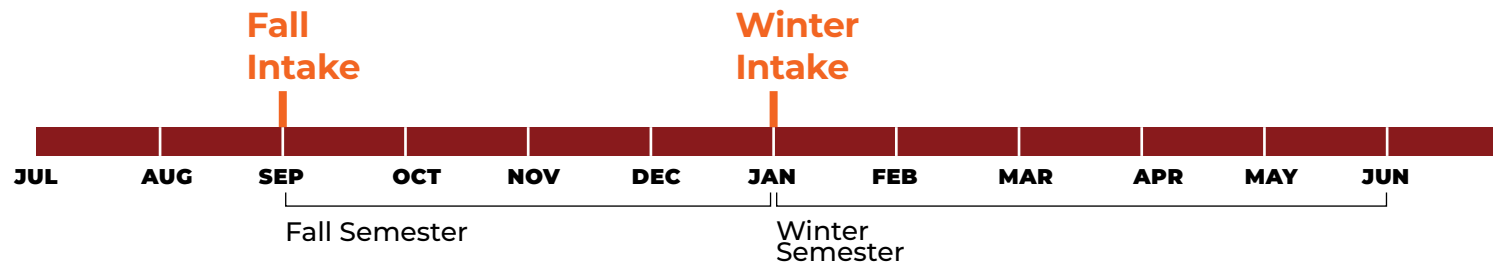

Fall / Winter / Summer Intakes

- To meet the needs of different school systems around the world
- To help students who wish to progress faster
- Study up to 10 credits per year

Special Intake – English, ESL or Math Only

- Intake E and F offer only English, ESL or Math courses

Junior Middle School Grades 7-8 (2 Intakes in a Year)

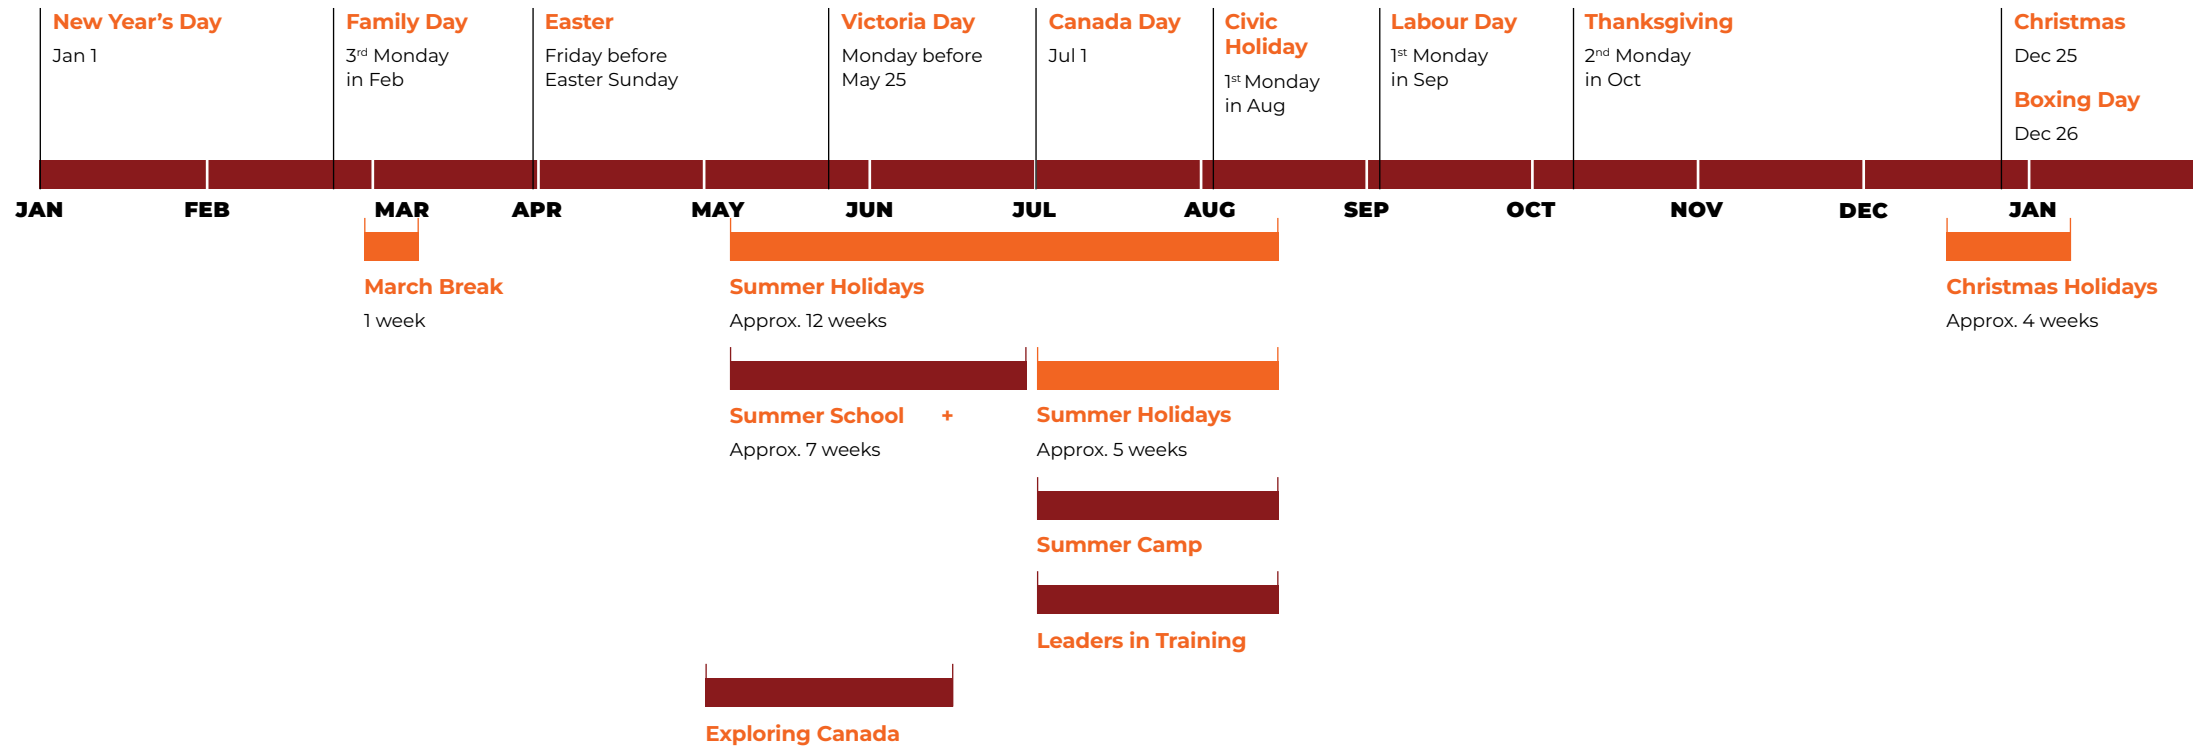

Special Care for Young Students: YAA Program

Students who are under 16 as of July 31 of each year are placed in the Young ASEP Achiever (YAA) Program to ensure they receive the priority care and attention they need in order to grow and mature into responsible adults.

Fall / Winter Intakes

School Holidays

Residence and Meal Service all year round

International students need special attention and care throughout the year. During holidays, we continue to provide our services to meet the needs of the students.

- Residences stay open, so parents do not need to make other arrangements for the holidays
- Meal service continues
- Student Development activities in residence
- Special meals at Christmas, New Year, Easter and Lunar New Year

Embark on the Best Path to Top Universities

No Public Examination for University Admission

Receive One-on-One, Expert Guidance To Realize Your Dreams

CIC’s University Placement Office guides each graduate through the application process

Applying to university for admission and scholarships is a challenging process for students. Each university has its own particular requirements and deadlines. Without paying meticulous attention to the process and the details, students can easily miss being admitted into their dream university and getting the awards they deserve.

At CIC, each graduating student is assigned an experienced UPO Counsellor. With compassion and devotion, the counsellor takes the student through our comprehensive University Placement process. This maximizes the chances of the students’ successful admission to their preferred universities based on their academic performance. Parents have peace of mind as they are kept informed of the student’s university choices via the on-line ezReport Card. The following chart highlights how it works.

Stages of Application	Learn & Be Prepared	Consider & Decide on Universities	Prepare & Submit Application
CIC’s UPO helps our graduating students apply to university	<p>One-on-One Counselling</p> <ul style="list-style-type: none"> One-on-one counselling to help students understand their own expectations and their interests <p>Campus Visits</p> <ul style="list-style-type: none"> To get a first-hand feel of the campus, UPO arranges guided tours to the universities and arranges meetings with admissions staff, professors and students to explore everything the universities offer <p>Meet University Reps</p> <ul style="list-style-type: none"> Organizes the annual University Fair where top ranked universities in Canada gather at CIC to provide the latest admission details to our graduates including Q&A sessions <p>Info Seminars</p> <ul style="list-style-type: none"> UPO conducts seminars about the latest procedures, requirements and application deadlines of various universities and provides students with information booklets UPO provides data on previous year’s university admission averages and requirements Explains to students the CIC U-Partnership Program and the exclusive advantages our university partners offer to them 	<p>Seminars</p> <ul style="list-style-type: none"> Conducts seminars to consult students on what they should consider when choosing their universities <p>One-on-One Counselling</p> <ul style="list-style-type: none"> Holds one-on-one counselling sessions to guide students in selecting universities that will meet their interests and maximize their chance of success at the same time 	<p>Small Group Workshops</p> <ul style="list-style-type: none"> Conducts small group workshops to guide students in completing the application forms online Ensures the students submit all required documents to the universities including portfolio, supplementary forms, and application fees <p>Training</p> <ul style="list-style-type: none"> UPO trains students on how to prepare for video and in person interviews <p>University Interviews at CIC</p> <ul style="list-style-type: none"> With applications completed, university admissions staff meet and conduct interviews at CIC with those who applied to that university <p>Monitors Status</p> <ul style="list-style-type: none"> For each graduating student, UPO monitors the entire process to ensure that everything is complete Keeps students up-to-date on their university application status and makes adjustments when needed

Be Under Our Caring Wings

At Columbia International College:

- Caring is the **time** we invest in the dreams of our students, so that we might better guide and support them on their journey to success
- Caring is the **environment** we create to nurture the health of our students and to keep them safe
- Caring is a **proactive attitude** – anticipating the needs of our students and taking the right actions to keep them focused on worthwhile goals
- Caring is an **attentive ear** that listens without judgment
- Caring is the **interdisciplinary team** that supports a student through life's difficult times, just as a parent would
- Caring demands our best efforts and resources

We believe that truly caring about our students helps foster **strong values**, a sense of **character**, and instills them with the **courage** to pursue their dreams.

Caring Across the Entire Journey

From the moment students apply to study with us, to the day they graduate, CIC is set up:

- to unlock every student's full potential &
- to track every student to reach the ultimate goals in their journey - be it entrance to a particular university or beyond.

Here's how CIC helps each student at each step of their journey:

Your caring and understanding staff team ensured my daughter was never alone... **She learned valuable lessons studying here** that I am confident will help her succeed in the future.

Elena Getmanskaya (Russia)
Mother of Elizaveta Getmanskaya,
Grade 8 student (2014)

Choosing Right

Application & Admission

- Recognize prior academic studies
 - Grant equivalent credits to successfully completed studies
- Credit system to facilitate a personalized program of study
- Live or online chat with our admission staff to assist with application and orientation

Starting Strong

Orientation & Registration

- School Orientation for all new students
 - Fun filled Orientation activities designed to foster new friendships
 - Trips to Niagara Falls and local attractions
 - Residence Orientation Month
- Diagnostic tests to assist in course placement
 - Offer various levels of ESL, Math and Sciences for appropriate level of studies or upgrading
- One-on-One Counselling on course selections and career pathways

Settling in on Campus

- Airport arrival pickup service
- Properly furnished room for Focused Learning
 - Individual study desks and closets for each student
 - Brand new pillow and comforter for new students
 - Lock to secure personal safe keeping drawer in room
- First semester roommates matched based on regional compatibility (culture/language)
- Free cell phone SIM card so students can activate their phone plan to reconnect with families and friends

Caring Across the Entire Journey

Living Stress-Free

Daily living

- Up to 26 meals a week by Chartwell, a world-renowned professional food service
- Availability of special meals based on religion or other dietary needs
- Door-to-door school bus service
- Nurses on-site at school and residences every day of the week
- On-campus after-school sports programs, leadership activities, clubs, etc

Staying Connected

- Dedicated, high-speed Wi-Fi internet in school and residence buildings
- Multilingual admissions and liaison staff facilitate communication among school, students and parents
- Online ezReport Card is available to parents anytime, anywhere

Progressing Well

Well rounded education

- After-class Academic Support by teachers, evening and weekends tutoring and peer tutoring
- Circle of Care monitors student performance and provides extra care for those who need attention
- Character building, leadership training and experiential learning
- Community service opportunities, sports, clubs and other events
- Ongoing wellness counselling and support in different languages

Guidance

Finishing Successfully

Preparing for university entrance

- University Placement Office to help navigate application and selection process
 - Seminars, workshops and one-on-one sessions
 - On-site information seminars by representatives of major Canadian universities
- Exclusive scholarships and admission advantages for CIC's graduating students offered by our University Partners®
- CIC graduates are admitted to ALL universities in Canada without any provincial examination or university entrance examination
- Our graduates are eligible for admission:
 - to many American universities without SATs
 - to all universities in the UK without A Levels

Be Part of Our Proven Success

Over the past 38 years, as Executive Director of Columbia International College, I have had the pleasure of talking to tens of thousands of parents who want to send their children overseas to pursue a better education. I have come to understand the common goals these parents have for their children studying in a different country, away from home, namely:

- Academic achievement
- Day-to-day health, well-being and safety in their living environment
- Personal development

Our ASEP Total Care Education System® is built to address these goals. It is designed to help your child be successful and to give you **peace of mind** over any of your concerns while they are abroad.

Parents, through our brochure, I hope you have learned:

- Total Care Learning® can foster your child's **academic achievement**
- Total Care Living® will provide your child a **safe, healthy and stress-free environment** so they can focus on learning
- Total Care Development® equips your child with **solid character**, a critical foundation for a lifetime of success
- Total Care Communication® will **keep you informed** at all times, of your child's daily performance in school and in residence

Our consistent record of student success, year after year, has demonstrated how well our holistic Total Care Education System® works. When I speak to young people who want to go abroad to study and pursue their dreams, it is a joy to see the excitement in their eyes about **meeting**

new friends, learning new cultures and having a chance to enter a world-class university. At the same time, having been an international student in Canada during my teenage years, striving hard to adjust to a new environment and new education system, I fully empathize with their anxieties about the uncertainties of living and learning in a new environment, far away from their parents.

Students, as you can learn from our brochure and online channels, our Total Care Education System is the only way that, if you want to study abroad, you can meet three important goals in one place:

1. Realize your full potential to achieve academically
2. Develop and mature socially, emotionally and physically
3. Enjoy a caring, home-away-from-home environment to eliminate the pressure of living and learning in a new country

Furthermore, as you dream of your higher education, our University Partners® will give you **exclusive admission advantages to many of the world's top universities.**

So, when you take the big step of getting an international education to pursue your goals, I hope you are convinced that CIC has created the best pathway to the world's top universities and is the best choice for you.

I invite you, parents and students, to visit our campus and observe how our Total Care Education System helps our graduates go higher than they thought possible.

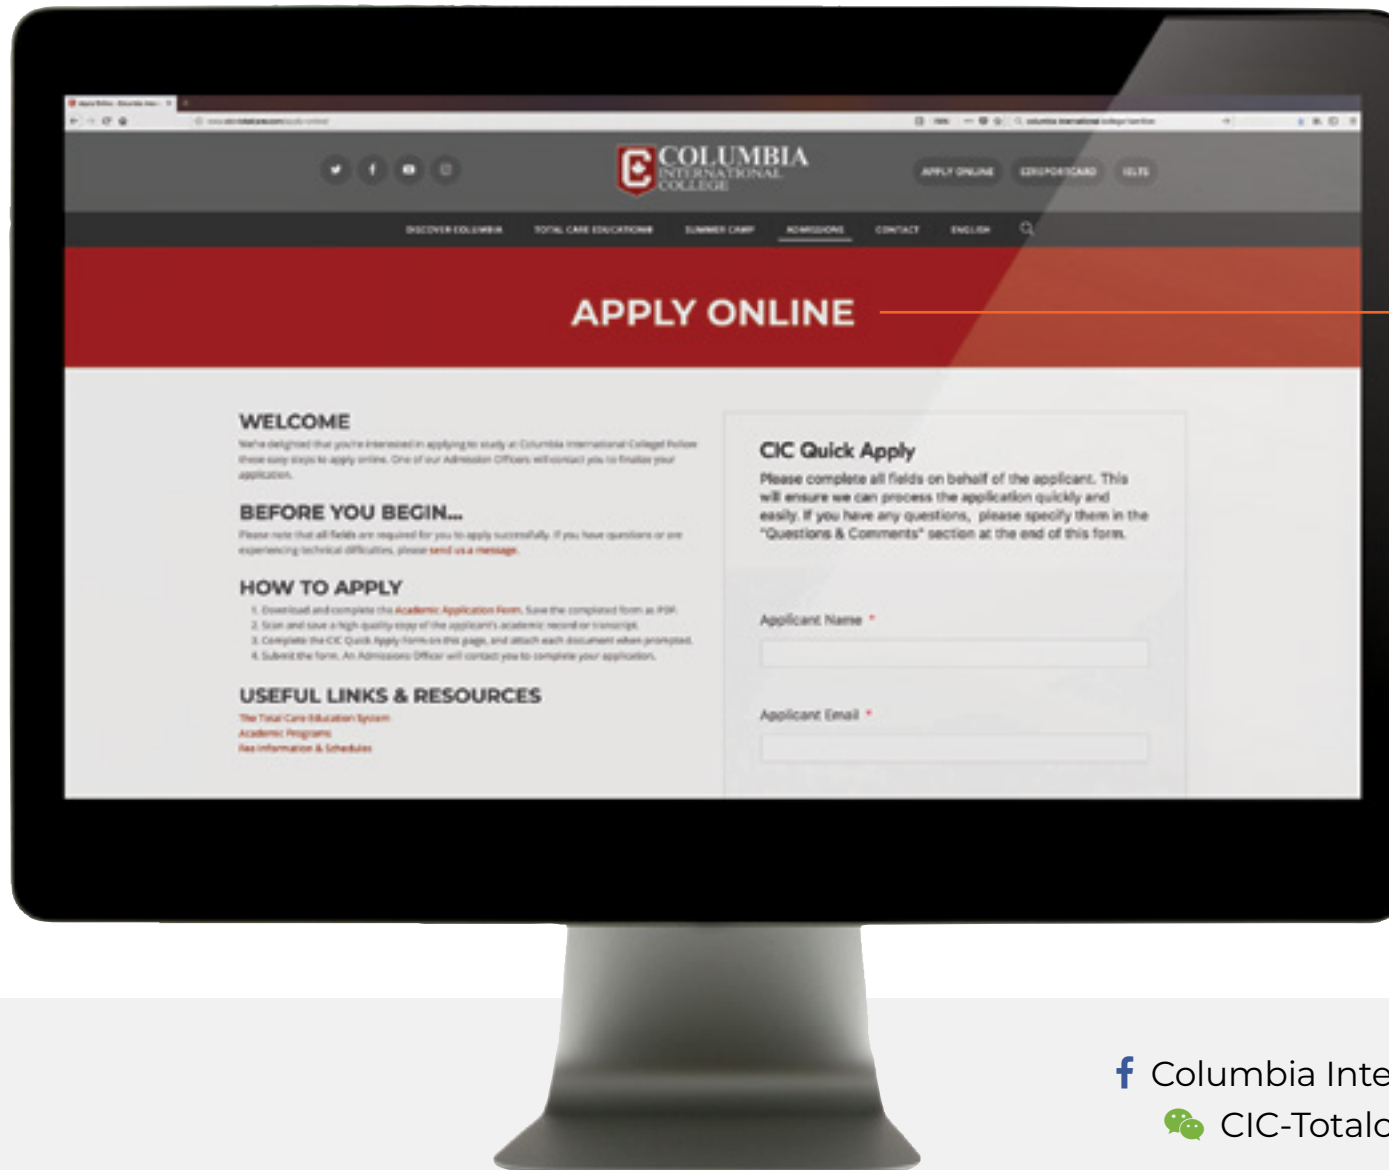

Parents and Students,
Be part of our proven success system.
Be part of the Total Care Education System®
at Columbia International College.
