“ For the University of Toronto, CIC is our largest feeder school in the entire world, period. Not one of them, it is the largest school, domestic or international.

So, CIC has a huge impact on our university and we're very proud of that. We've been associated with CIC for many years. We found the graduates to be excellent.”

“Students admitted from Columbia alone represent a far bigger number than any other school worldwide.

Columbia students are the most fantastic students inside the classroom and outside.

They actively participate in campus life at University of Waterloo.”
