INTERNATIONAL
COLLEGE®
Hamilton, Ontario, Canada

Class of 2026

Engineering

Offers from Top Universities in
Canada, the U.S, the UK & Australia

Preparing the Next Generation of Engineers

Advanced STEM Education

CIC students strengthen their expertise in Mathematics, Physics, Chemistry, Biology, and Computer Science while applying their learning through practical experiences and co-curricular activities. This well-rounded preparation helps them transition confidently into Engineering programs at top universities.

Strong Leadership Skills

Through collaborative learning and leadership opportunities, CIC helps students develop the teamwork and communication skills needed to excel in Engineering studies and future professional environments.

Award-winning Robotics Club

In our Robotics Club, students turn ideas into reality through hands-on design and problem-solving. By working on practical projects and collaborating with peers, they build the confidence and skills needed for future success in Engineering.

University Admissions Support

Our University Placement Office provides personalized support throughout the application process, helping students showcase their achievements, strengths, and experiences in a compelling way to stand out to university admissions committees.

He Wu

They did it ...
You can do it too!

Canada

- University of Toronto St. George (Engineering)
- University of Toronto Mississauga (Commerce)
- University of Toronto Scarborough (BBA (Management & Finance) and BSc (Statistics - Quantitative Finance))
- McMaster University (Engineering)
- University of Waterloo (Mechanical Engineering)
- University of Alberta (Engineering)
- Queens University (Engineering)
- University of Ottawa (Software Engineering)
- Western University (Engineering)

Australia

- University of New South Wales
(Mechanical Engineering and Computing Technology)

Total Scholarships:

\$534,000 CAD

Anton Balika

*They did it ...
You can do it too!*

Canada

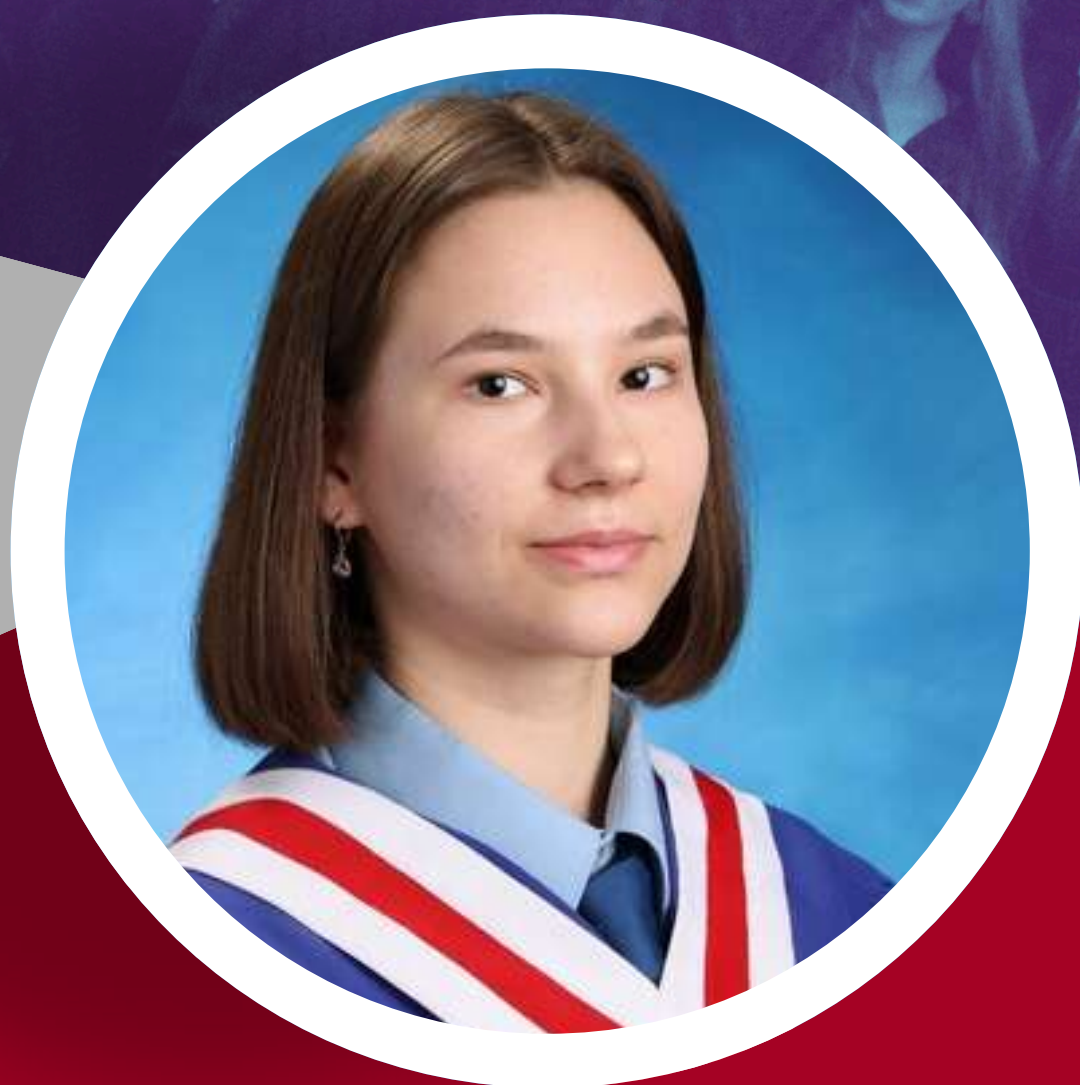

- University of Toronto Mississauga (Computer Science)
- University of Waterloo (Computer Engineering)
- Western University (Engineering)
- York University (Computer Science (BSc))
- University of Guelph (Computer Engineering)
- Carleton University (Computer Engineering)

The U.S

- Rochester Institute of Technology (Computer Engineering)
- Arizona State University (Computer Engineering)
- Iowa State University (Computer Engineering)
- University of Memphis (Computer Engineering)

Total Scholarships:

\$516,464 CAD

Darya Khanova

*They did it ...
You can do it too!*

Canada

- **University of Toronto St. George (Chemical Engineering)**
- **University of Waterloo (Chemical Engineering)**
- **York University (Physics and Astronomy)**

The U.S

- **Duquesne University (Civil Engineering)**
- **University of Massachusetts Amherst (Electrical Engineering)**
- **American University (Physics)**
- **University of Illinois Chicago (Chemical Engineering)**

Total Scholarships:

\$361,500 CAD

Satachol Srimooltri

*They did it ...
You can do it too!*

Canada

- University of Toronto St. George (Electrical Engineering)
- University of Waterloo (Electrical Engineering)
- Western University (Engineering)
- Ontario Tech University (Electrical Engineering)
- York University (Engineering)
- Queen's University (Engineering)
- University of Ottawa (Electrical Engineering)
- Toronto Metropolitan University (Electrical Engineering)

Total Scholarships:

\$324,500 CAD

Runkai Zhao

They did it ...
You can do it too!

Canada

- University of Toronto Mississauga (Computer Science)
- University of Toronto Scarborough (Mathematics)
- University of Waterloo (Mathematics / Mathematical Sciences)
- University of Waterloo (Management Engineering)
- Western University (Computer Science)
- Ontario Tech University (Software Engineering)
- York University (Computer Science)
- York University (Engineering)
- University of Alberta (Engineering)
- Queen's University (Mechatronics Engineering)
- U of Ottawa (Mechanical Engineering and Computing Technology)

Total Scholarships:

\$280,000 CAD

They did it ...
You can do it too!

Irkin Mokhammad

Canada

- University of Toronto Mississauga (Life Sciences)
- University of Toronto St. George (Life Sciences)
- University of Toronto St. George (Engineering Science)
- University of Waterloo (Geography & Aviation)
- University of Waterloo (Biomedical Engineering)
- University of Waterloo (Science and Aviation)
- Brock University (Health Studies / Health Sciences)
- Carleton University (Aerospace Engineering)
- Toronto Metropolitan University (Aerospace Engineering)
- Carleton University (Biomedical and Mechanical Engineering)
- Mount Allison University (Aviation)

The U.S

- Florida Institute of Technology (Aeronautical Science)
- University of North Dakota (Aerospace Engineering)

Total Scholarships:

\$277,000 CAD

Charles Yang

They did it ...
You can do it too!

Canada

- University of Toronto St. George (Physical & Mathematical Sciences)
- University of Toronto St. George (Mechanical Engineering)
- University of Toronto Scarborough (Science)
- McMaster University (Engineering)
- McMaster University (Physical Sciences)
- University of Waterloo (Science and Aviation)
- Western University (Science and Biological Science)
- Western University (Engineering)

Total Scholarships:

\$272,000 CAD

Dohyeon Lee

They did it ...
You can do it too!

The U.S

- **Purdue University (Business)**
- **Seattle University (Science in Engineering)**
- **Michigan State University (Business)**
- **Binghamton University (Business)**
- **Penn State (Business)**
- **Ohio State University (Business)**
- **Arizona State University (Business)**
- **University of Minnesota Twin Cities (Business)**
- **Indiana University Bloomington (Marketing)**

Total Scholarships:

\$246,000 CAD

Shwe Poe Ou

They did it ...
You can do it too!

Canada

- University of Waterloo (Architectural Studies)
- University of Toronto St. George (Architectural Science)
- University of Toronto St. George (Civil Engineering)
- McMaster University (Engineering)
- Western University (Engineering)
- Laurentian University (Architectural Studies)
- Toronto Metropolitan University (Architectural Science)
- Carleton University (Architectural Studies)
- Toronto Metropolitan University (Civil Engineering)
- OCAD University (Environmental Design)
- Carleton University (Civil Engineering)

Total Scholarships:

\$220,000 CAD

Pengfei Yao

They did it ...
You can do it too!

Canada

- University of Toronto St. George (Computer Science)
- University of Toronto Scarborough (Statistics)
- McMaster University (Mathematics & Statistics)
- Western University (Science and Biological Science)
- Western University (Computer Science)
- Western University (Engineering)
- Queen's University (Engineering)
- Queen's University (Computing / Computing Technology)
- Queen's University (Science)

Total Scholarships:

\$190,000 CAD

They did it ...
You can do it too!

Heaven Clementine Wijaya

Canada

- Queen's University (Engineering)
- University of Toronto St. George (Engineering)
- McMaster University (Engineering)
- Western University (Engineering)
- Carleton University (Electrical Engineering)

Total Scholarships:

\$179,000 CAD

Yue Chen

They did it ...
You can do it too!

Canada

- University of Toronto St. George (Engineering)
- McMaster University (Engineering)
- University of Waterloo (Architectural Engineering)
- Western University (Engineering)
- Ontario Tech University (Electrical Engineering)
- York University (Engineering)
- Queen's University (Engineering)
- Carleton University (Civil Engineering)

Total Scholarships:

\$177,500 CAD

Zhengliang Qi

*They did it ...
You can do it too!*

Canada

- University of Toronto St. George (Electrical Engineering)
- McMaster University (Engineering)
- University of British Columbia (Applied Science)
- University of Alberta (Engineering)
- Queen's University (Engineering)
- University of Ottawa (Electrical Engineering)

Total Scholarships:

\$176,500 CAD

Chi Wen

They did it ...
You can do it too!

Canada

- University of Toronto St. George (Materials Engineering)
- University of Toronto St. George (Mechanical Engineering)
- University of Toronto Scarborough (Social Sciences & Humanities)
- University of Toronto Mississauga (Communication, Culture and Information Technology)
- McMaster University (Automotive & Vehicle Technology I)
- Western University (Engineering)
- Ontario Tech University (Mechanical Engineering)
- York University (Engineering)
- Queen's University (Engineering)
- Toronto Metropolitan University (Mechanical Engineering)
- Toronto Metropolitan University (Engineering)

Australia

- University of Sydney (Engineering)

Total Scholarships:

\$172,500 CAD
